

EJ CHRISTIAN MEDILO

SOFTWARE DEVELOPER

Taguig City, Philippines | +63 960 6862 799 | ejchristianmedilo12@gmail.com | <https://github.com/Eyzen08>

PROFESSIONAL SUMMARY

Aspiring Software Developer with hands-on experience in full-stack web and Android application development through academic projects. Eager to expand my technical expertise, learn modern software development practices, and contribute to building reliable, user-focused applications. Committed to continuous learning, problem-solving, and collaborating with development teams to deliver high-quality software solutions.

EDUCATION

Bachelor of Science in Information Technology (BSIT)

STI COLLEGE

2023 - PRESENT

Global City, Taguig

Information Communication Technology (ICT)

MOREH ACADEMY (Senior High School)

2021 - 2023

Upper Bicutan, Taguig

PROJECTS

Web-Based Student Violation Monitoring and Incident Management System for STI Global City | 2026

Full-Stack Developer | [STI-Vio log](#) | [GitHub](#)

- Developed a full-stack web-based system for managing student violations and disciplinary cases, implementing secure authentication, role-based access control, responsive interfaces, and integrated backend functionality to improve administrative efficiency and data security.
- Collaborated with the development team using Git and GitHub while performing system testing and debugging, improving application stability, usability, and overall software quality.

KWIZTORYA | 2025

Android Application Developer | [KWIZTORYA](#) | [GitHub](#)

- Developed an Android-based educational quiz application focused on Philippine History, implementing quiz mechanics, score tracking, chapter-based navigation, and responsive user interfaces for an engaging learning experience.
 - Developed and tested application features using Android Studio, collaborating with team members throughout the development process to implement, debug, and refine the application for reliable performance.
-

EXPERIENCE

BCiS Power Technologies Corp. | 2023

Work Immersion Trainee — South Cembo, Makati City

- Supported daily administrative and IT operations by assisting with routine technical tasks, maintaining organized workflows, and helping ensure the timely completion of assigned responsibilities.
- Collaborated with supervisors and team members while observing professional IT support and workplace technology practices, strengthening communication, teamwork, problem-solving, and organizational skills.

MOREH ACADEMY | 2024

IT Support Volunteer (NSTP) — Upper Bicutan, Taguig City

- Provided technical support for computer systems and assisted school personnel with IT-related issues during community outreach activities, helping maintain reliable technology and efficient operations.
 - Edited graduation portraits using Adobe Photoshop and collaborated with staff during community events, supporting technology setup and delivering quality visual outputs that met expectations.
-

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Cyber Threat Management — Cisco Networking Academy | 2026
 - Cybersecurity Quality Assurance: Detect, Test, Secure — Ethel Programming Computer Programming Services | 2026
 - LEGO Educational Robotics and Computer Technical Training — University of the East Manila | 2018
-

SKILLS & INTEREST

Programming Languages: Java, C#, PHP, JavaScript, Python, SQL

Web Technologies: HTML5, CSS3, Bootstrap

Database & Backend: MySQL, Supabase

Development Tools: Android Studio, Visual Studio, Visual Studio Code, Git, GitHub, XAMPP, Figma

Software Development: Full-Stack Development, Object-Oriented Programming (OOP), Database Design, Responsive Web Design, Software Testing & Debugging

Enterprise Software: SAP S/4HANA (Academic Coursework)
